PROFESSIONAL SUMMARY

Digital experience professional with 10+ years bridging marketing, data and technology — specializing in CRM, CRO, UX and digital governance. Expert in Salesforce CRM & Marketing Cloud and Adobe Experience Manager (AEM), with a proven track record of optimizing conversion funnels, integrating digital channels and driving continuous improvement for institutional websites. Strong background in analytics (GA4, GTM, dataLayer), technical SEO, UX discovery and cross-functional project leadership focused on revenue growth.

PROFESSIONAL EXPERIENCE

Digital Growth & CRO — Site Owner

ibcmcd · Inspirali — Porto Alegre, RS · Brazil

Aug 2024 – Present

Strategic owner of the institutional digital channel, connecting Marketing, Product and Technology in a data-driven, performance-oriented operation focused on continuous improvement. Responsible for roadmap, governance and website growth.

- Led CRO strategy with direct revenue impact, reducing friction across the conversion funnel
- Implemented advanced tracking (GA4, GTM, dataLayer, Microsoft Clarity) for data-driven decisions
- Full governance of the institutional website: roadmap, deploy, QA and continuous improvement
- Integration between CRM (Salesforce and Bitrix), marketing automation and digital channels
- Evolution of PDPs, Landing Pages and strategic pages focused on conversion and technical SEO
- Led UX Discovery processes: user research, journey mapping and opportunity identification
- Created and validated hypotheses through A/B tests, heatmaps and session analysis (Microsoft Clarity)
- Prioritized UX and product backlog based on behavioral data and funnel impact

CRM & Digital Experience Analyst

2023 – Aug 2024

ibcmcd · Inspirali — Porto Alegre, RS · Brazil

Technical lead for Salesforce CRM operation and evolution, and AEM content management. Focus on integrations between digital channels and lead journey, building nurturing flows and segmentation strategies.

- Operated and evolved Salesforce CRM: flows, segmentations and journey automations
- Created and optimized lead nurturing flows in Marketing Cloud
- Managed and published content in Adobe Experience Manager (AEM)
- Integrated site, CRM and marketing automation tools
- Analyzed behavioral and journey data to inform UX and segmentation decisions
- Developed personalization and audience segmentation strategies by lifecycle stage
