PROFESSIONAL SUMMARY

Professional with over 10 years of experience, with a background in design, editorial production and UX/UI. More recently focused on digital experience, CRO, CRM and analytics — from hands-on execution to team leadership and digital channel management, connecting research, design, content, data and technology. Hands-on experience with Salesforce, Marketing Cloud, AEM, GA4, GTM and dataLayer, applied to journey and flow design, funnel optimization, website governance and continuous improvement of the digital experience.

PROFESSIONAL EXPERIENCE

Digital Growth & CRO - Site Owner

ibcméd · Inspirali - Porto Alegre, Brazil

Dec 2024 – Apr 2026

Strategic owner of the corporate digital channel, connecting Marketing, Product and Technology in a data-driven operation focused on performance and continuous improvement. Responsible for roadmap, governance and website growth.

- Led the CRO strategy with direct revenue impact, reducing friction across the conversion funnel
- Implemented advanced tracking (GA4, GTM, dataLayer, Microsoft Clarity) to enable data-based decisions
- End-to-end governance of the corporate website: roadmap, deploy, QA and continuous improvement
- Integration between CRM (Salesforce and Bitrix), marketing automation and digital channels
- Evolution of PDPs, landing pages and strategic pages focused on conversion and technical SEO
- Led UX Discovery processes: user research, journey mapping and identification of improvement opportunities
- Created and validated hypotheses through A/B testing, heatmaps and session analysis (Microsoft Clarity)
- Prioritized the UX and product backlog based on behavioral data and funnel impact

CRM & Digital Experience Analyst

Aug 2023 – Dec 2024

ibcmec · Inspirali - Porto Alegre, Brazil

Technical reference for the operation and evolution of Salesforce CRM and content management via AEM. Focused on integrations between digital channels and the lead journey, building nurturing and segmentation flows.

- Operation and evolution of Salesforce CRM: flows, segmentations and journey automations
- Built and optimized lead nurturing flows in Marketing Cloud
- Built HTML emails and templates in Marketing Cloud, focused on UX, responsiveness and rendering
- Content management and publishing in Adobe Experience Manager (AEM)
- Integration between website, CRM and marketing automation tools
- Behavioral and journey data analysis to drive UX and segmentation decisions
- Personalization and audience segmentation strategy by lifecycle stage
